

7320 Series

Automatic Parts Washers

North America's #1 Manufacturer of High-Quality Cleaning Equipment

Top Load Models

Durable machined-sheave chain drive for turntable is designed for increased safety and longevity, plus it prevents the risk of binding or breaking

Rugged construction and durable finish stands up to heavy industrial use

Low-water shutoff protects heating elements in case water level drops

Easy access debris screen prevents foreign objects and small parts from falling into sump

Optional **Heavy-duty casters** allow machine to be easily moved (fixed wheels standard)

Thermostatically controlled heater maintains optimum cleaning temperature

Control Panel includes 30-minute oil skimmer timer, 60-minute wash timer, 12-hour heater timer, turntable off/on switch and low-water alert light

Sump access panels make for easier sump clean-out

Built-in oil skimmer with oil-drain container removes oil from cleaning solution in sump

Containment Ring (standard) secures parts on turntable

Hand detail brush (optional) speeds cleaning of blind holes and recesses. Shown with small parts basket (standard)

7320 Series models include Oil Drain Container, Small Parts Basket and Containment Ring (above model shown with optional power brush and timer)

FEATURES

- Vertical Seal-less Pump: 3HP, 50 GPM @ 45 PSI
- 500 Lbs. Load Capacity
- 50 Gal. Sump Capacity
- 6 kW Heater
- Available in Stainless Steel

All Hotsy Automatic Parts Washers are designed for safe, aqueous cleaning

Nothing Cleans Like a Hotsy!

7320 SERIES Top Load Automatic Parts Washers

■ 500 Lbs. Load Capacity

■ 230V / 1PH; 230V, 460V or 575V / 3PH

■ 50 Gal. Sump Capacity

■ Available in Stainless Steel

An Automatic, Cost-Effective Parts Cleaning Solution

Efficient, solvent-free cleaning

Say goodbye to dirty, time-consuming manual cleaning with a Hotsy 7320 Series Automatic Parts Washer. That means trained technicians can concentrate on more productive work.

Hotsy's automatic parts washers combine hot water and modern detergents to give you cleaning action that's far more powerful than any solvent.

Ask your Hotsy Rep for details on the **EXTENDED 1-YEAR LABOR WARRANTY** with exclusive use of Hotsy Detergents!

Clean better with Hotsy TubMate detergents

Hotsy offers a complete line of biodegradable TubMate detergents to give you a total parts-washing solution. TubMate detergents are specially formulated to give you the best cleaning action at temperatures as low as 110°F, which means significant savings in energy costs. TubMate detergents contain a blend of rust and corrosion inhibitors to help protect your machine and parts.

Hotsy TubMate detergents are environmentally safe to use because they contain no caustic soda, caustic potash, phenolics, chlorinated solvents or heavy metals. And since they're highly concentrated, a little goes a long way.

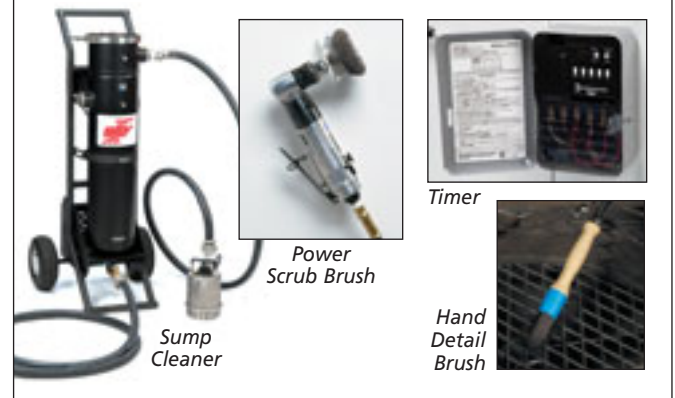

SPECIFICATIONS

MODEL	WORK HEIGHT	TURNTABLE DIAMETER	VOLT/PH	HEATER kW	AMPS	SHIP WT (lbs)
7320A	18"	25"	230/1	6	38	722
